

LEELANAU

BREWING COMPANY

CELLARING:

Beer should be stored upright in a cool, dark place (50F). Do not shake or turn upside down. Let the beer settle.

GLASSWARE:

Belgian
Tulip glass

Brandy
Snifter

Over sized
wine glass

NO Pint
glasses

POUR:

Chill before serving. Open bottle like fine champagne, safely over a sink.

Hold glass at a 45 degree angle, slide beer down the slope of the glass while bringing glass upright to develop a full foam collar. Leave yeast sediment in bottom of bottle.

Enjoy-
